Dear CSFP School Partner,

We are in the final stretch of our 2021-2022 CSFP lottery application period! Please be sure to share our lottery application information with all eligible families at your school.

Children's Scholarship Fund Philadelphia offers 4-year partial scholarships to K-8th grade students. Scholarships are now available for qualifying families for the 2021-2022 school year. Eligibility requirements are simple:

- Philadelphia resident
- At least one child entering K-8th grade in September 2021
- Meet CSFP's financial requirements

Please share our lottery information in your weekly communications with families, on your website or other social media.

Applications are being accepted at csfphiladelphia.org NOW through March 1!

Thank you for being a CSFP school partner and for sharing this important information with your school community.

Best,
Julie Raiken
